- Extra time; \$50/hour

LOCATION

We can take your headshots in a natural light studio in Siem Reap, or discuss alternate locations if you prefer an outdoor look.

THE PROCESS

1

In advance, we'll talk about the look, style and mood you're going for. If you'll be using my hair and makeup artist, I'll put you in touch with her to discuss the look you want in more detail.

2

During the photoshoot, I'll help you feel relaxed and natural in front of the camera and offer posing guidance to coax a captivating headshot expression onto your features.

3

You know the one, where we both look at the photo and say, "We got it!!" Then jump up and down with excitement.

4

At the end of the shoot, you'll select your favorites. I'll edit and retouch them, and you'll receive them in a digital gallery for easy viewing and downloading.
